

Based on your logo, target audience (US, UK, Australia, India) and positioning as an AI transformation company, I would refine the brand identity significantly beyond the current black-and-white logo.

Brand Positioning

Brand Name: QuionAI

Tagline:

Think Bigger. Scale Smarter.

Brand Promise:

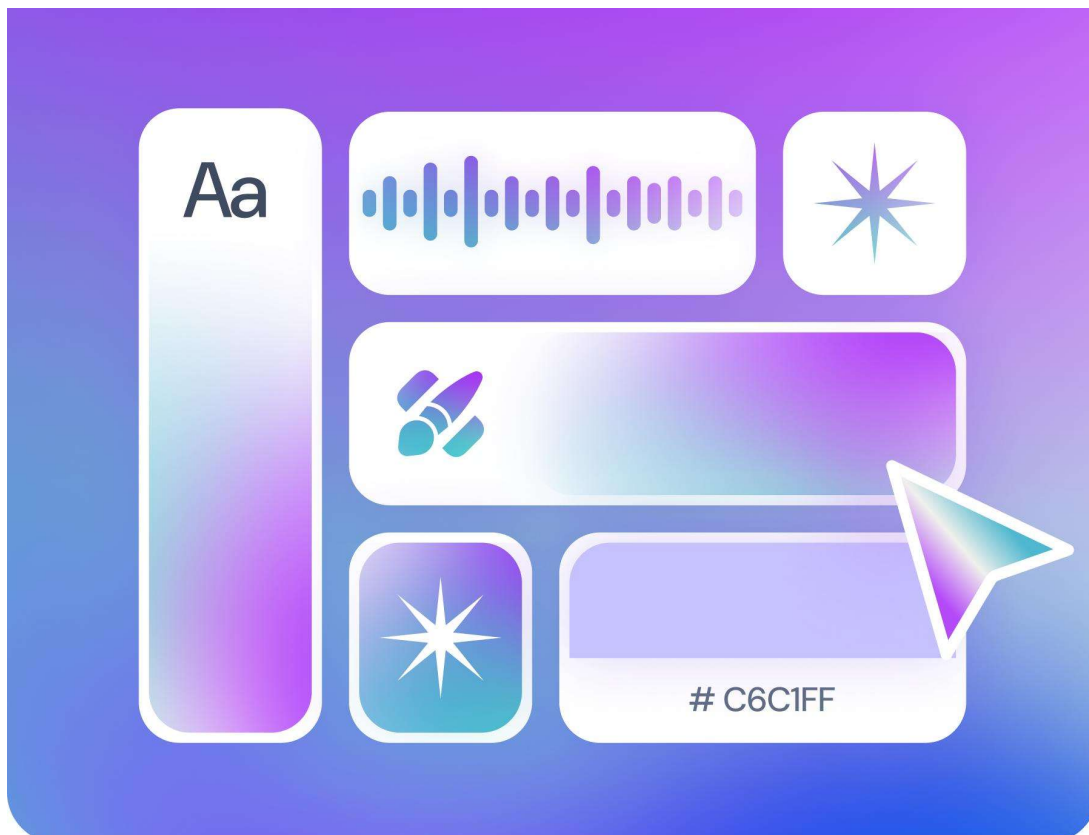

Transform businesses through intelligent automation.

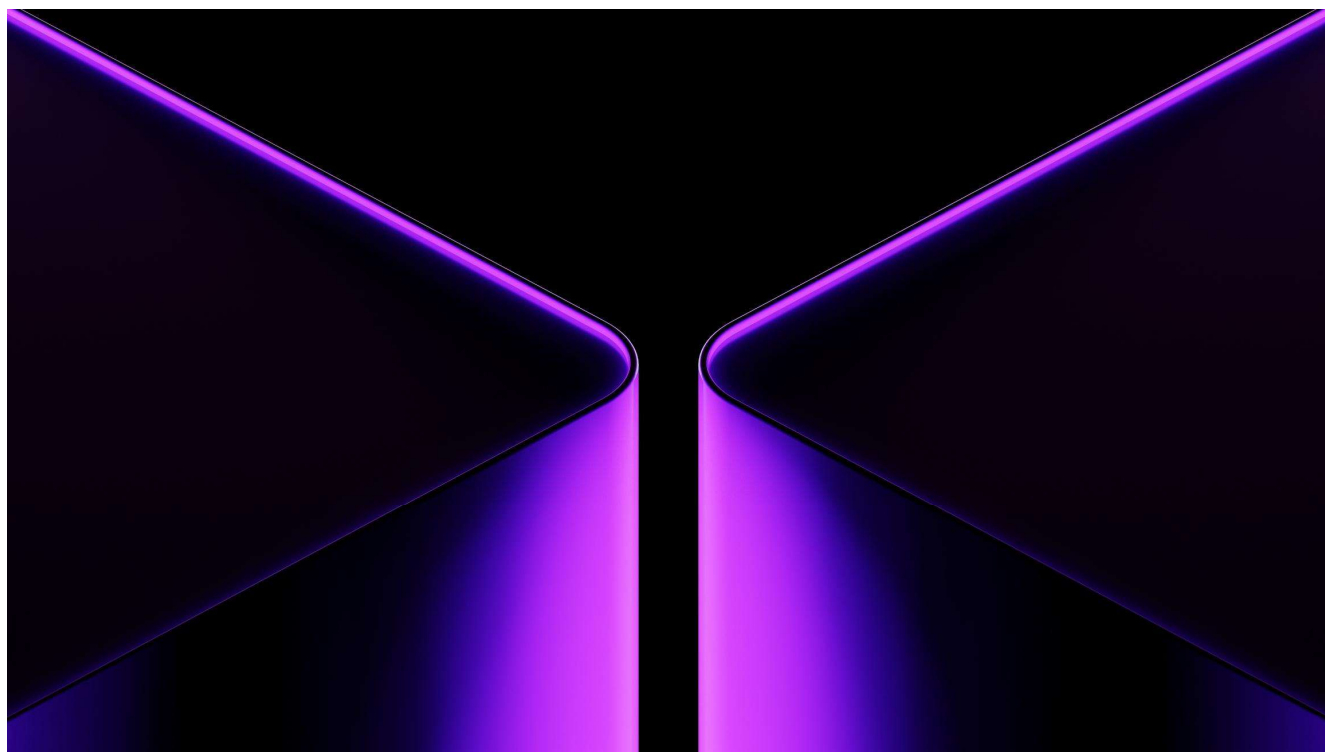

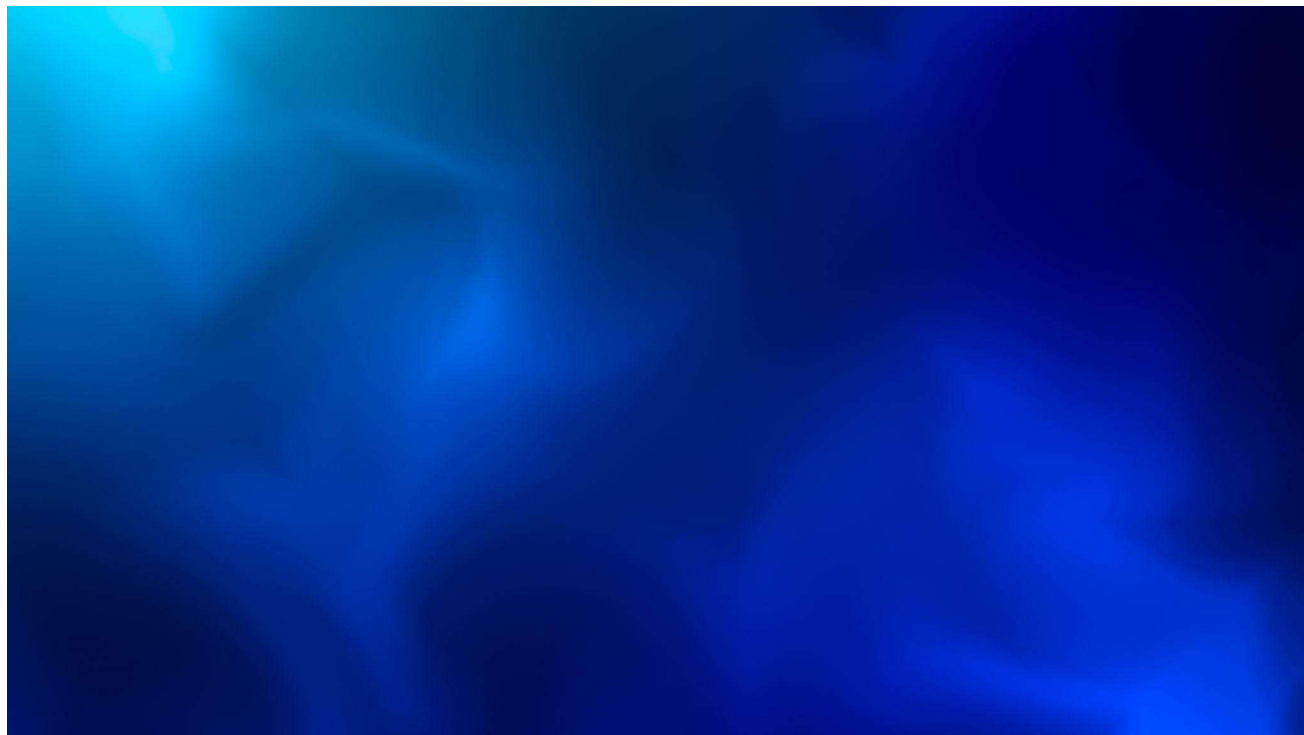

Brand Personality:

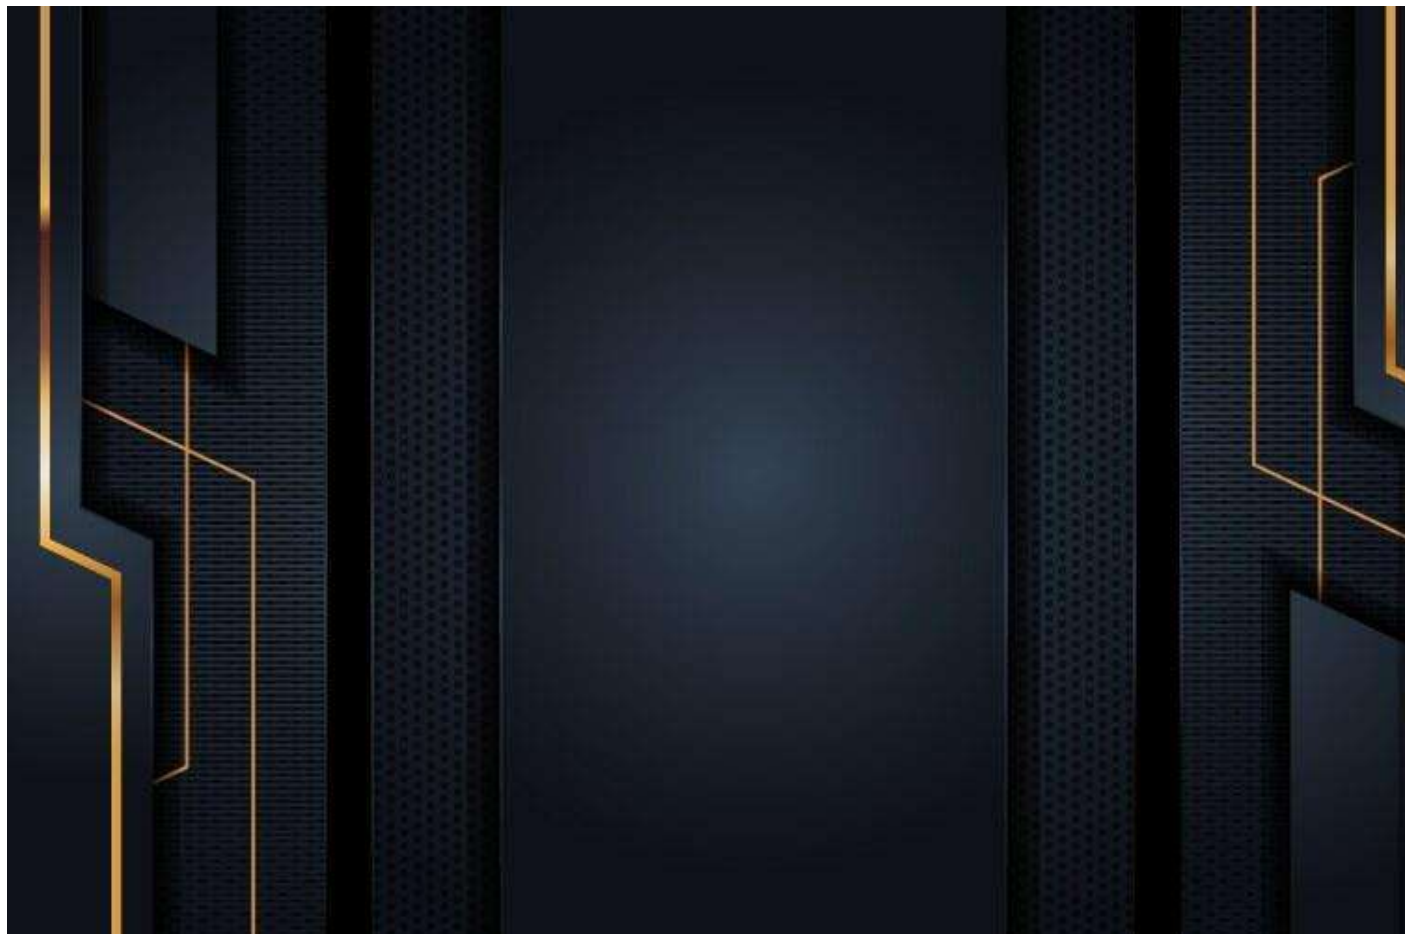

- Intelligent
- Innovative
- Premium
- Strategic
- Trustworthy
- Enterprise-focused

Logo Usage

Your logo currently works well in monochrome.

Create 3 variants:

Primary

Black Logo

For:

- White backgrounds
- Documents

Dark Mode

White Logo

For:

- Website
 - Presentations
-

Premium Version

Logo icon with gradient:

#00D4FF

→

while keeping "QuionAI" white.

This should be the website version.

Brand Voice

DO Use

- Scale
- Revenue
- Automation
- Growth
- Systems
- Intelligence
- Efficiency
- Transformation

Example:

Stop hiring for repetitive work. Deploy AI systems that operate 24/7.

DON'T Use

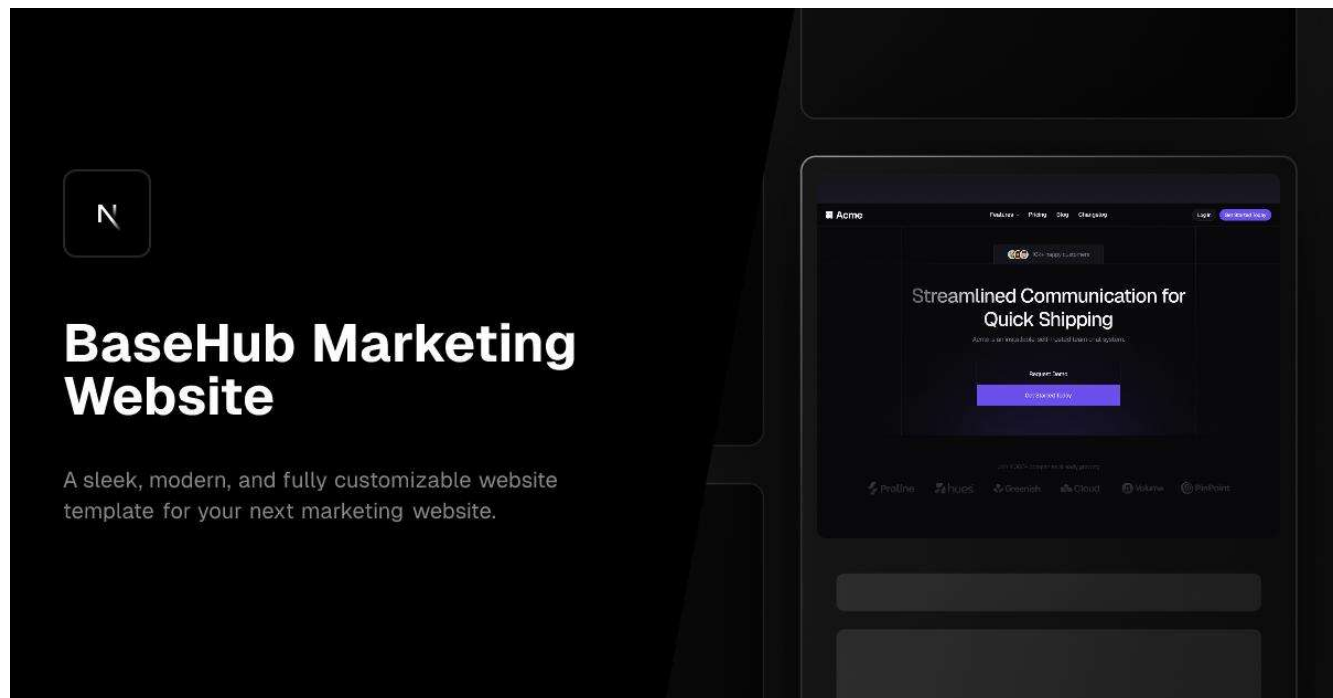

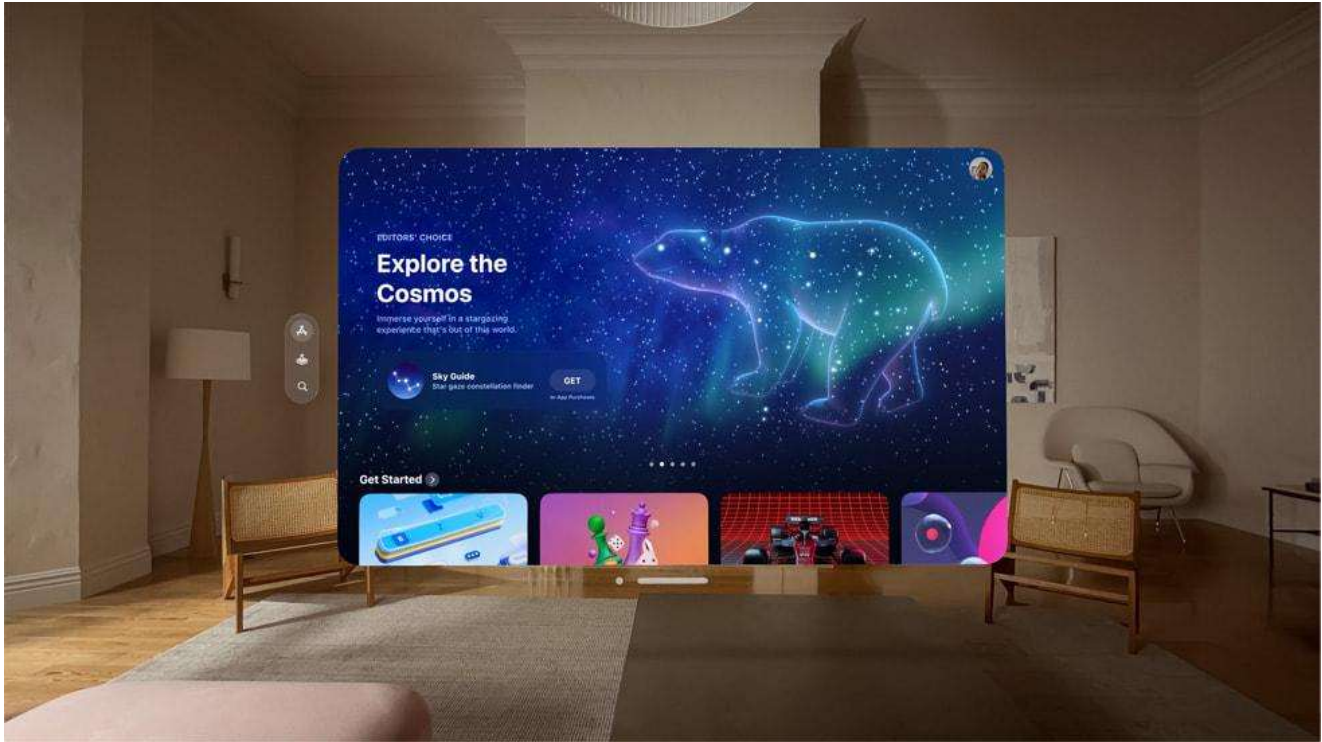

- Guru
- Ninja
- Growth hacker
- Best AI company

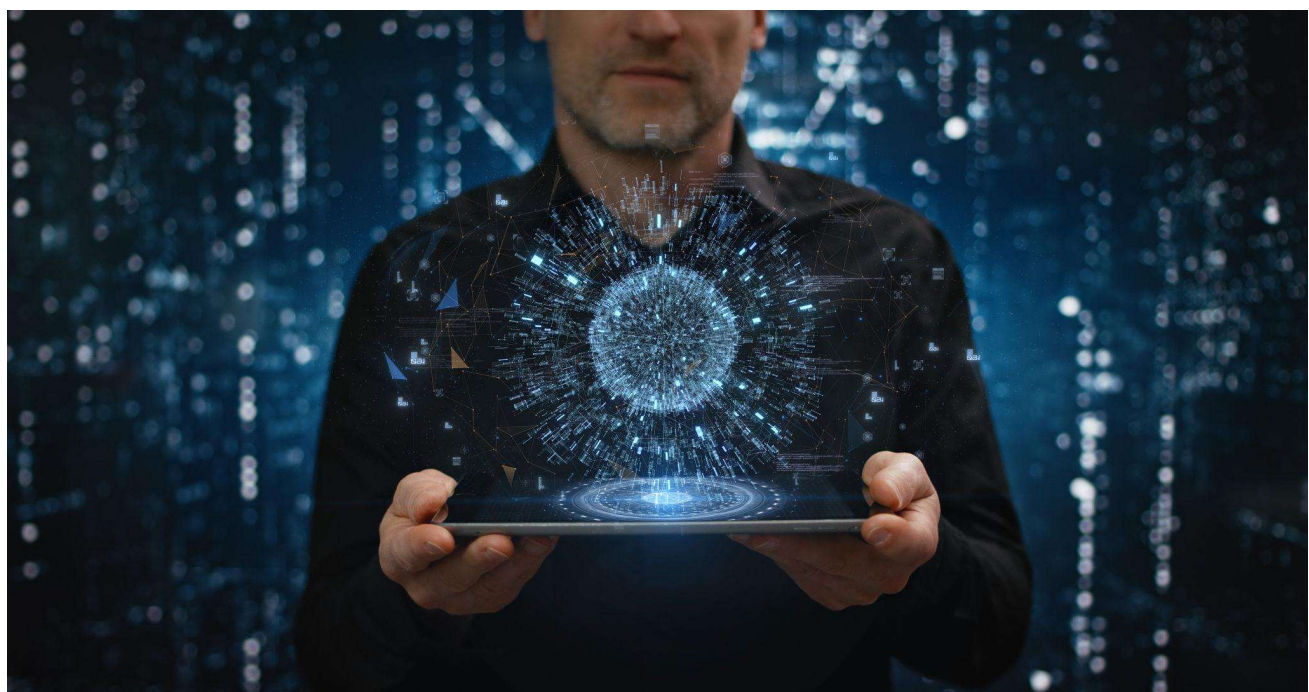

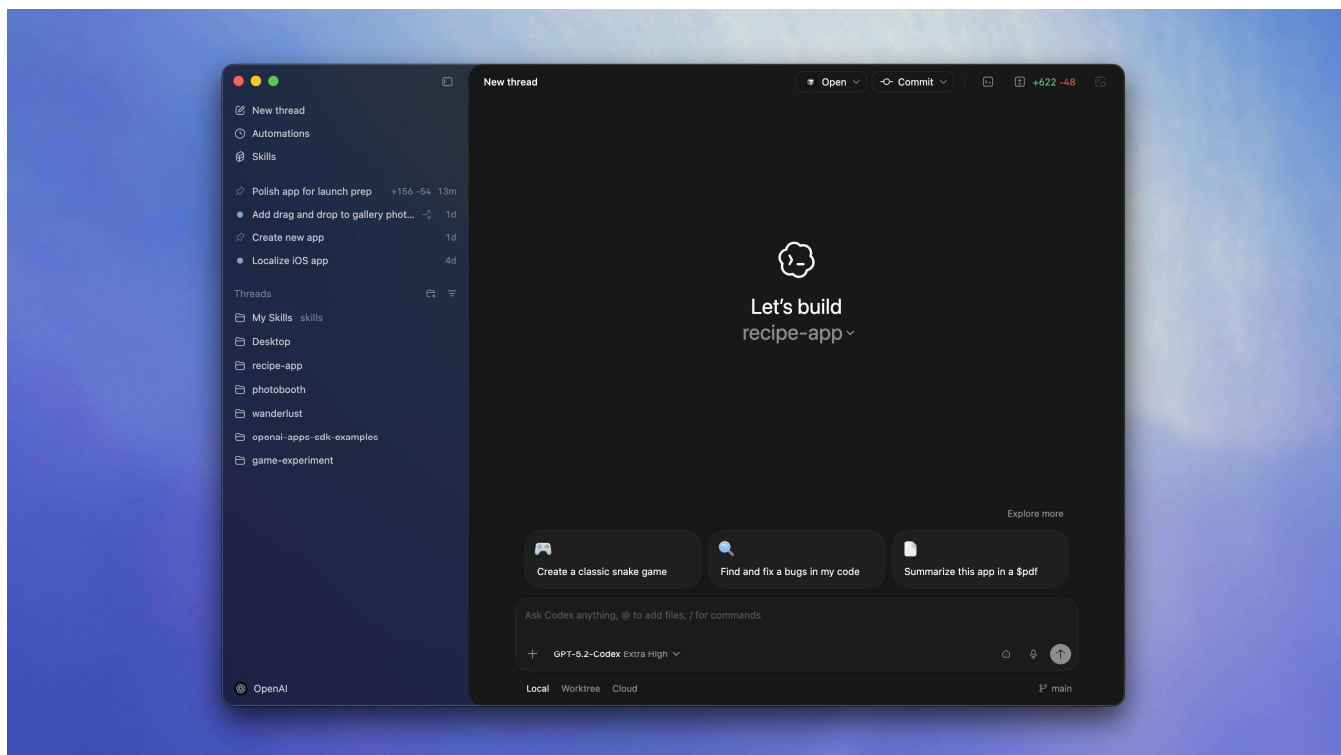

- Revolutionary

These sound cheap to international buyers.

Website Style Guide

Visual Theme

The site should feel:

- 70% OpenAI
- 20% Apple Vision Pro
- 10% Tesla

Not like a marketing agency.

Animation Guidelines

Use:

- React Three Fiber
- GSAP
- Framer Motion

Effects:

- ✓ Floating AI particles
- ✓ Neural network animation
- ✓ 3D globe
- ✓ Holographic dashboards
- ✓ Smooth page transitions
- ✓ Mouse-follow lighting

Avoid:

- ✗ Spinning objects everywhere
- ✗ Excessive parallax
- ✗ Flashy colors
- ✗ Cyberpunk overload

Ideal Brand Statement

QuionAI helps businesses automate operations, generate leads, and scale faster through AI-powered systems, intelligent agents, and conversion-focused digital experiences.

This positioning will resonate much more strongly with US, UK, and Australian clients than presenting QuionAI as a generic web development or marketing agency.
